WHAT CHILDREN LEARN

Language

Police, fire, ambulance, siren, rescue, hurt, safe. Vocabulary that arrives with the vehicle, not from a card.

Understanding the world

Who helps when something goes wrong, what they drive and where they take you.

Sequencing

Call, drive, arrive, help, drive home. A rescue is a story with an order — a first narrative.

Social skills

One vehicle each, one problem to solve together. Turn taking and negotiating who goes first.

Fine motor

Seating a figure, opening a door, clicking limbs into a pose, steering round a chair leg.

Emotional literacy

Someone is frightened, hurt or lost — and someone comes. Rehearsing help in safe form.

ONE SET, FIVE YEARS OF PLAY

1–2y

Pushes a vehicle, takes the figure in and out, makes the siren sound

2–3y

Names each vehicle and its job; drives to a named place

3–4y

Matches the vehicle to the problem; plays a rescue with a partner

4–5y

Runs a full rescue in order with three friends and retells it afterwards

TRY THIS ON DAY ONE

In and Out

12–24 months · Take the figure out, put it back in. Name the driver and the vehicle each time.

Nee-Naw

18 months – 3 years · Each vehicle has a sound and a job. Say them, drive them, stop them.

Who Comes to Help?

2–4 years · Show a problem — a fire, a hurt teddy, a lost dog. Who should we call?
