Abacus Rattle

Item number **76001**

A classically designed rattle with a small abacus built into its frame. The baby grips the handle and shakes it to hear the rattling beads, then learns to slide each abacus piece from side to side and spin it. Its simplicity is the point: one toy gives grasping, shaking, sliding and spinning, and gives adults an easy way to start counting aloud and talking.

KEY FEATURES

- Moving abacus pieces**
Pieces slide from side to side and spin on the frame.
- Rattling beads**
Shaking the rattle produces a clear rattling sound.
- Easy to grip**
Shaped for small hands to hold and shake independently.
- Colourful pieces**
Brightly coloured abacus pieces draw the baby's attention.

LEARNING & DEVELOPMENT

- Fine motor skills**
Gripping, shaking and pushing each abacus piece along exercise the fingers.
- Sound & rhythm**
The baby discovers that shaking makes the beads rattle.
- Early numeracy**
Adults count the abacus pieces aloud as the baby moves them.
- Language development**
Talking through counting and colours builds early sound recognition.

PRODUCT INFORMATION

Specifications from the TOLO product database

Age	3 months +
Item number	76001
UPC / EAN	019287760019
Contents	Abacus Rattle

Packaging dimensions	9 × 4.5 × 10 cm
Product weight	0.07 kg
Master carton	48 pcs · 39 × 29 × 22.5 cm · 0.025 m ³ · 5.1 kg gross

One of the Classic Rattles & Teethers alongside the Triangle Rattle (76002), Roller Rattle (76003) and Gripper Rattle (76038).
