

CLASSIC · STACKING & NESTING

Activity Stackers

Item number 76006

A bath toy that combines a shape sorter with moving water. It suctions to the side of the tub; the child fills the top vessel with the pourer and watches water run through the sorter, making two shapes spin and one click from side to side. The shapes pull out to float or play separately, and guides ensure they go back the right way up so the water always flows.

KEY FEATURES

-  **Suctions to the tub**
Fixes to the side of the bath at child height.
-  **Pourer included**
A pourer helps the child fill the top vessel.
-  **Spinning and clicking shapes**
Water makes two shapes spin and one click side to side.
-  **Removable shapes**
Shapes pull out to play with and guides return them correctly.

LEARNING & DEVELOPMENT

-  **Water play**
Pouring water through the sorter shows how water flows and moves things.
-  **Cause and effect**
Filling the vessel sets the shapes spinning and clicking.
-  **Shape recognition**
Each shape goes back into its own slot, the right way up.
-  **Problem solving**
Working out how to refit the shapes so the water still flows.

PRODUCT INFORMATION

Specifications from the TOLO product database

Age	12 months +
Item number	76006
UPC / EAN	019287760064
Contents	Bath shape sorter with suction fixing, 3 activity shapes, pourer

Packaging dimensions	11 × 11 × 15 cm
Product weight	0.23 kg
Master carton	24 pcs · 46.5 × 35 × 32.5 cm · 0.053 m ³ · 7.6 kg gross

Sits alongside the Stacking & Nesting Egg (76000) and Rainbow Stackers (76005) in the Classic Stacking & Nesting category.
