Activity Shape Box

Item number 76010

A shape-sorting box with extra activities built in. The child posts colour-matched rattling shapes, each with a different sound, through the slots, pulls the lever and spins the wheel to rotate the slots to a new position. A large lid opens for easy access and storage, and a large carry handle lets the child take the box wherever play is happening.

KEY FEATURES

-  **Rattling shapes**
Each shape is its own rattle with a different sound.
-  **Lever and wheel**
Pull the lever and spin the wheel to rotate the slots.
-  **Large carry handle**
Easy for a toddler to carry from room to room.
-  **Large lid**
Opens wide for quick access and tidy storage of the shapes.

LEARNING & DEVELOPMENT

-  **Shape recognition**
Each rattle fits only the slot that matches its shape.
-  **Colour recognition**
Shapes and slots match by colour, with adults naming each one.
-  **Cause and effect**
Pulling the lever or turning the wheel moves the slots round.
-  **Social interaction**
Turn taking as one player names a shape and the other finds the slot.
