Tolo Garage

Item number 76117

A garage play centre for toddlers from twelve months. A detachable car slide sends vehicles up and down, a helicopter pad rises and falls at the touch of a button, and there is a car wash and an electric car charging point. Two stop-go barriers, a learning clock, squeakers and clickers give hands-on things to press, turn and talk about while pretend journeys unfold.

KEY FEATURES

-  **Detachable car slide**
Vehicles run up and down the removable slide.
-  **Helicopter pad**
The pad rises and falls at the touch of a button.
-  **Car wash and charger**
Car wash and an electric car charging point for pretend journeys.
-  **Barriers and clock**
Two stop-go barriers, a learning clock, squeakers and clickers.

LEARNING & DEVELOPMENT

-  **Imaginative play**
Barriers, car wash and charging point prompt pretend journeys and stories.
-  **Cause and effect**
Pressing the button lifts the helicopter pad; lifting a barrier lets a car through.
-  **Fine motor skills**
Turning the clock, lifting barriers and pressing squeakers and clickers practise hand control.
-  **Language development**
Stop, go, up, down and clock times give adults words to model during play.
